GERMANS RUSH 600,000 MEN TO RIGHT WING

One Long Battle Line Stretching from North Switzerland Into Switzerland

Two Months After British Retreat From Mons Opposing Forces Are Deadlocked Along Mighty Line—Nothing Definite Except That Herculanean Struggle Continues—Russians Have Upper Hand in East.

London, Oct. 24.—The following are the chief features of today's war news reaching here:

Two months ago today the British army began its retreat from Mons. Today the forces of Sir John French are 50 miles to the north-west of Mons.

In the intervening period the impetuous German advance penetrated almost to the gates of Paris, only to be hurled back again in the crucial battle of the Marne and now the hostile forces are deadlocked on a line which extends from Switzerland to the North Sea.

Today's reports throw little new light on the course of the battle now raging most intensely on the Franco-Belgian frontier. Upon the fighting on the plains of Flanders, in the opinion alike of German, French and British observers, depends in large measure the outcome of the whole campaign and perhaps the future of German operation in France. The official French statement indicates with what intensity the opposing forces are contesting the issue.

It is admitted that the Germans have advanced to the north of Dixmude and in the neighborhood of La Basse, but by a counterstroke, it is said, French have pushed forward to the east of Nieuport. In the region of Langhemary, and between Armentieres and Lille. These, in the language of the French war office, are "inevitable fluctuations of a contest waged so fiercely." The war office contented itself with the general statement that the line of the combat as a whole has been maintained.

Over the remainder of the long battle front the deadlock continued. Slight progress is claimed by the French at various points in the Woevre district, but the general positions of the opposing forces are in no important particular.

Regarding the condition in the east there is as heretofore a conflict of claims. The French war office asserts that the Germans are falling back to the south of Warsaw as well as to the west of Ivanograd. Advice from Russian and Austrian sources agree that one of the bitterest battles of the war is in progress along the River San.

An official Austrian statement reports the repulse of Russians who had been permitted to cross the river and were then attacked. Despatches from Petrograd, however, state that the Austrian assault was repulsed by vigorous counter-attacks of the Russians.

HOW LONG, O, LORD, HOW LONG?

Last Desperate Effort Break Through Line of Allies Being Made

Press of Both Sides Agree That Fight Has Now Reached Climax—Kaiser Apparently Is Putting Supreme Strength in This Mammoth Effort—French Forts at Verdun Again Prominent in Battle.

London, Oct. 24.—(1.15 p.m.)—Superlatives have been so frequently used in the attempts to describe the engagements of the present war that the emphasis of such terms as "most desperate," "violent" and "crucial" has been weakened by daily use. But today, as if by mutual agreement, both German and French and British newspapers characterize the conflict along the front from Lille, in France, to the Belgian seaboard as the greatest struggle of all. London newspapers were quick to see the suggestion of a German military expert as cabled here from Berlin that this is the critical conflict of the whole campaign and, whether this be so or not, it is contended that the outcome is likely to decide the future of German operations in France. Reinforcements of 600,000 men are said to have been rushed to the German right wing and it seems no exaggeration to say that these operations spell the supreme effort of the invaders to break through the allies' line.

Being denied the use of warships, which have been rendering good service for the allies, Germany is said to be throwing her air craft, and particularly her Zeppelins, more and more into the fray, and news despatches relate that the operations of Zeppelins have been a marked feature of the fighting to the southwest of Ostend, toward which seaport the troops of France, England and Belgium are said to be working their way.

This, in brief, is a broad view of the situation in France and Belgium from the English standpoint. Which side has the advantage when dawn broke or when noon came, or which will have it when the sun sets, will not be known except to the general staffs of the opposing armies. All the public will know, barring something unforeseen in the nature of a catastrophe to one army or the other, will be that the terrific artillery duel near the Belgian coast has continued and that one side was pushed back here only to advance there. As was explained in the official communication issued in Paris last night.

That the Russians, generally speaking, continue to hold the upper hand in the eastern arena of the war is the gist of most of the despatches reaching London, and accepting this as true England thinks that the putting of Germany on the defensive in this territory will prevent her from transferring any forces to the western arena.

The French forts at Verdun, which have been more or less lost sight of during the days the line of battle has been making its way slowly across northern France and Belgium, came to the fore again today as a result of news from German sources to the effect that German forces are drawing closer to these positions and that the French sorties are failing.

ASSASSINATION FEARED BY KAISER NOW; EXTRA PRECAUTIONS ARE TAKEN

Paris, Oct. 24.—Rumors from various sources keep coming to affirm that the Kaiser is in a very serious condition of health. It is also affirmed that the imperial relations with many of the leading generals of the Kaiser's orders have been strained to the point of rupture. The Kaiser does not think so, and severely upbraided his generals for not carrying out his views. On meeting one of his best officers who had been obliged to fall back, the emperor exclaimed: "You fell back and yet you are still alive!"

KILLAM PEOPLE MEET AND ORGANIZE LOCAL PATRIOTIC SOCIETY

(Special to the Capital)
Kilham, Alta., Oct. 24.—Kilham has no families of soldiers at the front, but the citizens of the town are anxious to contribute to the fund for relief and patriotic purposes and are enthusiastic about it. Last night a meeting was held and a local branch of the fund organized. Hon. Charles Stewart, J. G. Turcotte, M.L.A., and John White, secretary of the North Alberta association, were present and addressed the meeting.

J. E. Henderson, of Brooklyn, Tennessee, sent under the will of his deceased wealthy wife.

BRITISH WARSHIPS AND BELGIAN TROOPS PLAY HAVOC WITH GERMANS

London, Oct. 24. (a.m.)—A Daily Mail correspondent, telegraphing Thursday from the "North of France," says: "The battle of Nieuport Thursday was of extraordinary violence. The Belgian troops, assisted by British warships, literally massacred the Germans who attempted to push out a column toward Dunkirk, but the sea was under the cover of the undulating sand dunes."

The Belgian wounded report that at high tide the waves were washing piles of German dead upon the beach. According to trustworthy information the Germans have brought up strong reinforcements from their center and the Belgian region to reinforce their right wing."

FLOUR FROM PACIFIC

Portland, Ore., Oct. 24.—All grades of flour were advanced 20 cents a barrel here yesterday. Exporters estimated that approximately 250,000 barrels had been sold recently for exportation from Portland and Puget Sound to European markets. The demand in Europe is chiefly for the manufactured article, to save the necessity of milling. The British steamship, Gowanus, is loading 20,000 barrels of flour and 5,000 tons of wheat for Europe. This is the first flour in large quantities to be shipped to Europe in several years.

MISS TROTTER OFFERS THANKS TO ASSISTANTS AT PATRIOTIC CONCERT

Miss Trotter, of Alberta college, begs to express sincere thanks to all the individual artists, Mr. Claude Hughes and the members of his male chorus, the young ladies in the cantata, the school children's chorus and the corps of cadets, who so cheerfully and ably gave their services to the program of the patriotic concert held Tuesday night in the auditorium of the McDougall church, to the board of the McDougall church for the use of the auditorium, to the members of the 18th Alberta Dragoons who ushered in the audience in their usual dignified and brilliant manner, to the ticket and decoration committees, to the press, to the street railway department for the supply of extra cars and to all others who rendered any assistance.

POSSE KILLS TWO OF FIVE BANDITS

Sheriff and Men Lay Trap For Robbers and Do Some Quick Shooting
OVER \$3,000 IS SECURED
More Than \$6,000 Recovered Thursday, of Total \$20,000 Stolen Saturday

North Bellingham, Wash., Oct. 24.—Two more of the five bandits who robbed the First National Bank of Sedro Woolley of \$20,000, last Saturday night, killing a boy and wounding two citizens as they fled, were shot and killed by officers early today. One of the five was killed and another wounded and captured last Thursday, dying yesterday morning after a fight with a posse, one of whose members was slain. The three remaining bandits eluded American and Canadian officers, pursuing them yesterday, but it was believed that they would attempt to cross the Great Northern Railway bridge at Ferndale under cover of darkness. Will Stewart, a deputy sheriff in charge of posse, fixed up an electric flashlight to surprise them. Shortly after midnight cautious footsteps were heard on the bridge and one of Stewart's men gave an order to halt. Stewart switched on his light and the three bandits stood revealed. Before they could fire, the posse began to shoot. Two fell dead, the third

GERMANY'S UNEMPLOYED

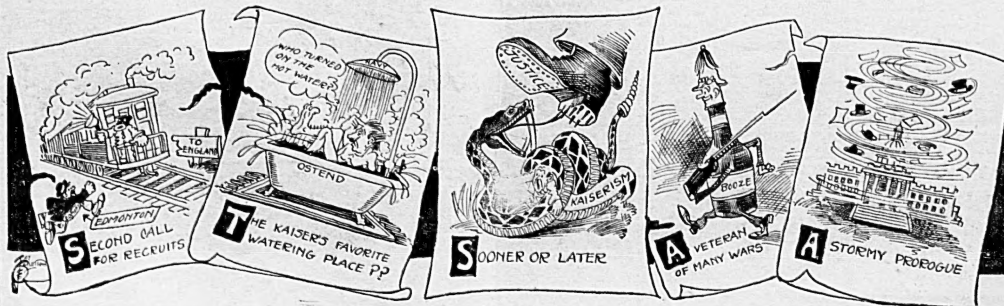

Berne, Switzerland, Oct. 24.—(via Paris, 3:25 p.m.)—Figures made public by the German trade unions give the number of unemployed in Germany at 500,000. The same authority says that the available number of applications for every 100 positions open, is from 200 to 300 in Berlin, Breslau, Hanover, Frankfurt, Dusseldorf and Strassburg; 350 in Bremen and Hamburg; 400 in Leipzig and 600 in Dresden, while in nine other important cities the average number of applicants for every 100 positions is from 160 to 200.

DR. TORY CHIEF SPEAKER AT MEETING IN VERMILION

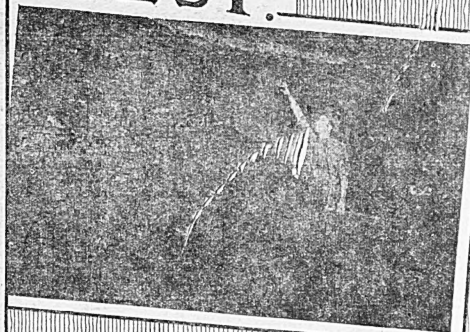

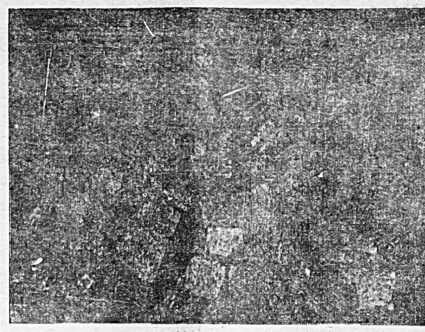

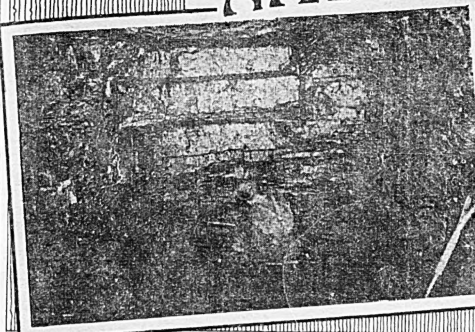

(Special to the Capital)
Vermilion, Oct. 24.—A meeting was held in the Presbyterian church here last night and a local branch of the patriotic fund organized. The chief speaker was Dr. H. M. Tory, president of Alberta university; and he spoke on the "Remote and Immediate Causes of the War." Dr. Tory stated that it was the duty of all nations to aid the stricken Belgians in their hour of need.

occupying by a footpath near the bridge. The posse expects to capture him today. Both victims of the officers' rifles carried heavy money belts. One had \$1,544, the other \$1,542. More than \$8,000 of the stolen money was recovered from the bandits who fell in Thursday's fight.

UNITED STATES DEPARTMENT OF NATIONAL BANKING.

Speaking of the banking question, and just to make the matter clear: The action which the United States government has taken to relieve the shortage of a currency medium has been to organize twelve national reserve banks with an unlimited national currency behind them. These national reserve banks have placed at their immediate disposal \$500,000,000 of national currency—the same kind of money as our \$1 and \$2 bills—to be used for the purpose of re-discounting approved commercial paper submitted for re-discounting by recognized chartered banks. In making the re-discounting, the banks accept the risk, the total of the collateral being the security for each and every note or voucher re-discounted. The national currency thus placed in the hands of the banks is passed out again for further discounts, the purpose of the federal reserve banks being to supply a sufficient flow of money to move the crops and otherwise finance the larger features of the country's business.

The effect of the arrangement is to establish national banking on a gigantic scale, to bring the franchise to issue paper currency almost entirely back to the government, to prevent a monopoly of money, and to make it possible for any solvent productive enterprise to secure the money required to carry on its legitimate business of taking the products from the field, putting them through the regular process of manufacture and handling them along to the ultimate market. As wheat in storage and practically every commodity having a regular quotation in the open market is accepted as fit collateral for discount, the national reserve banks make the extension of reasonable credit to farmers a possibility, thereby relieving the farmer of the necessity of accepting whatever price is offered for his grain at the threshers' point in order to meet the machine man or of accepting on the due date of a mortgage payment whatever may be offered him for his cattle or hogs.

It is something like this that is wanted in Canada if western production is to be furnished with the money necessary to conduct its regular business. Any business which the banks could do to aside from this and of a more speculative nature, such as would not be accepted in a federal reserve bank, would not be interfered with more than it is now. But the banks, discovering that they could re-discount the paper of legitimate business and could not re-discount the paper of the gamblers, would quickly discover in the greater volume of legitimate business possible through re-discounting a more profitable and much safer avenue for their activities than in the gambling class of business which very largely occupies their energies and absorbs the banking powers at the present time.

Sam is Promoted.
Ottawa, Oct. 24.—An order-in-council has been passed, it was officially announced last night, creating Colonel Sam Hughes, minister of militia, major-general. Colonel Gwatkin, chief of the general staff, has been elevated to the same rank. Major-General Hughes' appointment is antedated to May, 1912, and he thus becomes senior major-general in Canada.

Unnecessary Call Volunteers.
Berlin, Oct. 24.—The general in command of the German seventh army corps, it was said officially in Berlin today, has declared that the calling of the Landsturm is unnecessary, as yet the same rank. Major-General Hughes' appointment is antedated to May, 1912, and he thus becomes senior major-general in Canada.

GERMANS CANNOT PUT BIG ENOUGH ARMY IN FIELD TAKE BELFORT

(Geneva, via Paris), Oct. 24.—(12-40 a.m.)—None of the German heavy artillery has arrived before Verdun or Belfort as yet, according to a correspondent of the Tribune, who has returned to Basel after visiting the French army front for a week. The correspondent says that Belfort is as well armed as it would take 200,000 men with heavy artillery a long time to enter the French, which army the Germans cannot afford.

The Swiss government has been officially informed that there are about 200 cases of cholera in Austria-Hungary.

WOUNDED OFFICER IS HERO OF SUCCESSFUL CHARGE AT PREMSYL

Petrograd, Oct. 24.—News received from the Russian front in Poland says a statement issued by the official news bureau relates that the Russians have captured the grand quarry of the line of Saxony. He was riding in the royal automobile when taken.

A young general, who had only just recovered from grave wounds, led the Russians in a successful assault on the heights of Premysl on the San river, north of Przemysl, the news bureau also announces. The Austrians fled in disorder and the Russians succeeded in capturing 22 officers and more than a thousand men. The enemy left 200 wounded on the field.

NORTH COUNTRY IS GAILY GLIDING ON

Settler Near Peace River Crossing Sure He is in Greatest Land of All.

TOWN IS SPREADING OUT
New Farmers Going Up in Large Numbers—Meets 26 While Coming Down.

"I always thought, ever since I saw the Peace river, that it flowed through the greatest country in the world," said R. M. Osborn, a settler who has been in the north country for three years without a visit to what some people call civilization. When he came to Edmonton yesterday for a few days' stay.

I took up a homestead near what is now the town of Peace River Crossing and I believe I will make more money there than had I stayed away. Some people even tell me I can cut my farm into lots as soon as I get the patent and sell them easily.

"I say I always believed the north to be the finest country in the world and now, after being in Edmonton for a day I am absolutely sure of it. Everybody here says that Edmonton is better off and withstanding the old strain better than most other cities and I believe them. But I want to tell you that the Peace River Crossing is standing it better than Edmonton."

"In fact, the people of the north believe that this 'wild' land is a great field, commercially, for the north and the whole province of Alberta, because it will stimulate an unprecedented back-to-the-land movement. The very thing the country has needed for years and about the only thing it didn't get. Added as to how Peace River Crossing was progressing, Mr. Osborn stated that if it would grow as fast in 1914 as it did in 1913, it would be a good city there in a short time. The Dunsmuir railway grade is now only 15 miles away and steel is laid to a point about halfway between Savinville and Ground. They expect trains to run from Edmonton to the west end next year.

The town is already spreading out and several people are looking about the hill on the side of the river. Mr. Osborn met 26 settlers, with outfit, on the way to 'the land of plenty' between Ground and Peace River Crossing, while he says about 1,000 are camping along the north side of Lesser Slave lake, waiting for freeze-up to go in.

FOUR KILLED AND ONE BADLY INJURED, AUTO ACCIDENT IN NEW YORK

Hempstead, N.Y., Oct. 24.—Four men were killed and a fifth badly injured last night when an automobile skidded at a newly added cross street, struck the curb, ran over the sidewalk for a distance, overturning and was wrecked. All five of the men in the car were thrown out and four of them were crushed beneath it.

The dead men were August Moser, proprietor of the Central hotel at Hoboken, N.J.; M. Matheson and Chas. Meyer, of Hoboken; and an unidentified man, R. J. Cassano, of Hoboken, said to be the owner of the car, was thrown several feet and struck on his head. He was rushed to the hospital and it was said that he probably would recover.

In Matheson's clothing was found an iron cross given by the emperor of Germany to those who sacrificed their jewelry to raise funds for the war, and the unused half of a steamship ticket on the steamship Vaterland, bought in Europe and good for a return passage to the continent.

TWENTY PEOPLE DROWN IN FLOOD

Five Inches of Rain in Three Hours Put Creeks Out of Banks

San Antonio, Tex., Oct. 24.—Probably 20 persons were drowned here yesterday in a flood of the San Antonio river at the San Pedro and Alamo creeks. The known dead number 23. A five-inch rainfall in less than three hours caused a 15-foot flood in the river and put the creeks out of their banks and from 100 to 1,000 feet.

All the deaths occurred in the two creeks which run through the city. A number of small dwellings were undermired and swept away. The property loss, it is thought, will not exceed \$150,000.

BELGIUM OUTPOSTS ARE ACROSS YSER: GERMANS REPEATEDLY REPULSED

London, Oct. 22. (12-40 a.m.)—The Daily Mail's Havre correspondent, says the Belgian ministry of war has learned of Belgian outposts have crossed the Yser river. It was at this river that the Germans were held on their raid along the North sea coast. The Belgian troops have repulsed all the German attacks and taken 200 prisoners.

IN SUPREME COURT

The supreme appeal court concluded its hearing of appeal cases on Friday afternoon. Judgment was handed down on Friday were as follows:

Landers (plaintiff) vs. Anderson (defendant), being an appeal by decision from judgment of Justice Beck. The appeal was allowed and was delivered by Justice Simons. Costs were allowed for both the appeal and the trial.

The appeal of M. Forbes, Great plaintiff (defendant) vs. John Walter and George J. Kinnaird, defendants (respondents) was allowed with costs. The appeal judgment was delivered by Justice Stuart.

In the case of Rex vs. Prentice and Wright, the judgment of the appeal court, delivered by Justice Stuart and Beck, are that the cases should be tried again, on the grounds that the original evidence was refused at the trial, which had been given, might had a bearing on the judgment rendered. The original trial was last May and the two accused convicted on a false pretence charge. On judgment reserved. Accused were employed on the erection of the Brown block and were charged with having stolen the same.

Lawlor vs. City of Edmonton. An appeal by the city from judgment rendered by the magistrate for want of due diligence for wrongful dismissal from police force. The appeal was allowed and the magistrate's judgment was set aside. The appeal court decided there was no wrongful dismissal by the city.

The appeal of Hubbs vs. Attorney-General of Canada, on behalf of Robert Howell, was allowed without costs and the conviction was set aside. A new trial was ordered. The order was that a receiver be appointed to receive money owing to the defendant. Howell, for remuneration to him as a sergeant in the mounted police.

Supreme Court Cases

Prolonging is a peremptory list of supreme court cases to be tried commencing Monday, October 26, at 10 a.m. before Justice Hyman:

DISCOURAGEMENT OF GERMANS IS CAUSE OF DEBAUCHES SAYS DIARY
Paris, Oct. 24.—Further instances are forthcoming which emphasize the growing discouragement of the Germans. The diary is published of an officer which, although now a month old, reveals that even the German had discovered they were in a tight corner. The poor fellow writes that division after division had been wiped out. The French "fight like lions" and the German leaders appear all to have been put off their balance by the re-

they are convinced they are doomed, instances encountered. As for the men, they neglect no occasion to drown their sorrow in debauches.

"They seem to have lost all idea of civilization and humanity," proceeds the diary, "and all their worst instincts get the better of them. We can do nothing to hold them back and when there is anything to be had, they throw themselves on it like fire round a dead rat."

Gin Pills
FOR THE KIDNEYS
Sell Well In The United States As Well As Throughout Canada
These wonderful pills—doing their work so well and helping to cure so many people—form a bond of union with our good friends to the South. Here are three letters from various parts of the United States, showing the demand for Gin Pills, a truly Canadian product which has helped and is helping thousands of Canadians to get well.

Letters from Massachusetts, New York and Indiana.

541 East Street, Hallowell, Mass.
I received two boxes of your Gin Pills and they relieved me so much that I am quite pleased with the results. I gave an order to my druggist for some more but they have not come and in the meantime, I borrowed a few from a lady friend who is also using them. I am sending for boxes when I would ask you to send at once.

160 Bleeker Street, New York.
Being troubled with my kidneys and bladder, I was recommended to try Gin Pills. I purchased a box at a nearby drug store and I can sincerely and truthfully say that they have been wonderfully effective, and I am now feeling splendid, having nearly finished the box. I'll continue your use for a time longer so that they get to the seat of my trouble.

434 N. Y. Ave., Whiting, Ind.
I was all crippled up with Rheumatism and my face was so badly swollen that I could not see. After taking a few Gin Pills, the swelling went down, I felt better, and after taking them a few days, I had no more pain. I never intend to be without them as I have tried many other pills and put on no more weight.

Mrs. E. H. DEANS

If you have any kidney or bladder trouble, take Gin Pills
If your back aches or your hands and feet are swollen—if you suffer with Incontinence or Suppression of Urine—if there is a burning pain in the bladder—if the urine is very red and scalding, or contains mucus or brick dust deposits—or if you are not subject to attacks of Rheumatism, Sciatica or Lumbago—Gin Pills will relieve you—help you—cure you.

DOMINION TRUST. VANCOUVER. QUILTS

Directors in Statement Say
They Expect to Meet
Financial Engagements

Vancouver, Oct. 24.—The doors of the Dominion Trust company were closed yesterday consequent on a decision that was arrived at on Thursday night to take steps to go into liquidation. The affair has created a great sensation in the city and district, the majority of the depositors belonging to the working class.

In their statement to the public the directors say: "The general depression caused by the war has, also, added to the difficulties of the situation, but it is expected that at the shareholders' meeting the directors will have formulated a plan with the object of being able finally to meet their financial engagements. This may take the form of the company going into voluntary liquidation when some changes may be made in the management and a competent receiver placed in charge. The working out of the company may take some little time; as it is difficult to realize at once on even the best securities, but if financial conditions improve as the directors hope, there is every reason to believe that the voluntary liquidation will obtain the very best results."

"The business has been so large and voluminous that the securities are many and it will take some time to properly estimate their present value and also to realize upon them. It is expected that a large sum will be obtained by the company from the life insurance of the late Mr. Arnold, and there is also a bond of \$250,000 held with the minister of finance at Victoria, under the provisions of the trust act, which may be available in the event of straightening out of the company's affairs."

At the ordinary meeting of the company held last February it was shown that the total liabilities amounted to \$5,415,465, and that the total assets just balanced this sum.

BIG DEVELOPMENT ALONG G.T.P. LINE

Land Commissioner on Reaching
Winnipeg Tells of Progress in the West.

That the G.T.P. has opened another divisional point west of Winnipeg, at Landoak, the first divisional point west of Prince George, was the announcement made by Mr. H. Ryley, land commissioner of the company, who has just gone back to Winnipeg after a trip over the new line to Prince Rupert. Mr. Ryley says that the sale of the townsite has not been pushed but that several lots have been purchased by squatters in the vicinity, who are building home and moving out of the townsite, making the nucleus of another western community.

The commissioner states that the regular passenger trains which are now running through to Prince Rupert, are so crowded that it is difficult to secure accommodation. There are three of these passenger trains each week between Edmonton and Prince George, and two each week between the latter point and Prince Rupert.

Development Everywhere
There are evidences of development everywhere. For instance, a brand new hotel of the better class has just opened its doors at Prince Rupert, and in October 2, another fine large hotel was opened at Prince George. This latter at first had no licence, but this has now been obtained. Mr. Ryley stated that the three George townsites had been humorously dubbed "George I," "George II," and "George III." The location in Prince George of the new station and the new roundhouse had not yet been decided upon.

A new station and roundhouse are being erected at Smithers, the second divisional point east of Prince Rupert. The government has stopped all work at Jasper park, but Mr. Ryley made the announcement that a hotel would be located in the park. Several titles have already been examined for the location of this hotel, but a decision has not yet been arrived at.

Building Fine Drydock
The commissioner mentioned the magnificent new drydock that is being erected at Prince Rupert and said that the young city on the Pacific coast will have a population numbering between 5,000 and 6,000 people. The city is rapidly taking on a more permanent look. Many of the streets being graded, and many fine stores being erected. It was particularly struck with the progress of the new town of Smithers, located 65 miles west of Prince George. "This is a flourishing place," he said, "and one of the best towns along the line outside of the divisional point. It is in the center of a fine farming community, there being 200 settlers in the district already and all the freight to the Stuart river country goes through there."

Mr. Ryley said that general conditions in the far west had improved. He said that while all the work has stopped, but it has started up again, and the work of ballasting the line is in full swing.

Free to Any Man Manly Vigor MY INVENTION

The Sanden mechanical invention for the easy self-use of debilitated or overworked men, will interest a certain percentage who need that kind of aid, but the little illustration on the cover of the book (sent free, sealed, by mail for the asking) is of interest TO ALL MEN, young and elderly alike. It should be in the hands of every man in the world who can read the English language. To date over a million copies of this private treatise have been printed and sent out free. Nothing like it was ever before published.

COURAGE NEVER FORSAKES THE MANLY MAN.

Mr. Reader: If you want the whole simplified truth, as I see it, in relation to that now widely discussed and vastly important phase of the sex subject which we call MANLY VIGOR, if you want to know its legitimate uses, what you should or should not do to preserve it, how to make the proper efforts to restore it when once lost, and just what are the real and what are the imaginary results of certain forms of abuse which, unfortunately, are world-wide; if you want all this information gathered during my 30 years practical experience in this field, all told in the simplest form, condensed, revised and systematized for the easy reading of men the world over, then you may have it free in my little treatise (book form), containing 300 words and 30 half-tone photo reproductions. Everything is complete. Please see coupon below.

As to my mechanical device, the Sanden Vitalizer, that may interest you as being a clever invention, even if you do not require a "strengthening" in your own case. In fact, I always send an illustrated description of it as a part of my free book on sex subjects. This little vitalizer represents the very latest scientific idea in mechanical self-treatment. It is entirely separate and apart from drugs or medicines. It is complete in itself. Nothing but the vitalizer can be used. It works upon several organs, and is worn on the body all night, generating a powerful, but perceptible, though pleasant flow of a marvelous FORCE which I call VITALITY. The system operates so strongly that you will sleep. Men everywhere have said: "Vitalizer takes the free book."

What My Free Book Gives You

As stated elsewhere, by sending me the coupon below, you are entitled to receive by return mail, sealed, my little illustrated book of advice on sex subjects, and I will include, as well, a full description of the Sanden Vitalizer, telling you upon what terms you may have one for your own use if you wish to try one. Therefore, please send coupon today.

NO SYMBOLS OF PEACE AT FEDERAL LEAGUE MEETING

New York, Oct. 23.—The annual meeting of the Federal Baseball league, which opened in this city failed to develop any signs of the much discussed peace pact with organized baseball. The independent association during a long session behind closed doors, elected officers for the ensuing year, listened to various reports from the clubs composing the circuit and then adjourned with the announcement that the meeting would be continued tomorrow morning.

As it is impossible to enter league with the idea that the Federals had come to stay, James A. Gilmore was re-elected president for a term of five years. In addition, he was selected to serve as treasurer for a similar period. B. Ward, president of the Brooklyn Federals was elected vice-president and Lloyd Richert, secretary, each for a term of one year.

President Gilmore stated that the reports of all the clubs as read at the meeting showed that the league was in a satisfactory financial condition and that the sentiment of the club owners was unanimously in favor of continuing the organization along the lines laid out a year ago. He stated that any initiative had been taken by the Federals looking toward peace with the National and American leagues or that changes in the present circuit had been discussed at the meeting.

Gilmore added that there was no report in the report that Ward brothers of this city were negotiating for the purchase of the New York Americans, or that Charles Weegham, interested in the Chicago Nationals, Harmony and satisfaction with the 1914 situation and with the prospects for next year, were the keynote of the meeting, it was declared.

Twelve players who finished the season with organized baseball have signed Federal league contracts for 1915 and six or eight more are expected to enter the new league within a short time, according to Gilmore. He stated that the league had failed to secure Tereau, Burns and Fletcher of the New York Nationals, as had been hoped, because of the fact that at three were bound, by three-year contracts.

Charles Weegham denied that he had discussed the purchase of the Chicago Nationals with Garry Herrmann in Cincinnati before coming to this city for the annual meeting. He said that his talk with Herrmann was regarding the acquisition of the United club in Chicago in case a settlement of the difficulties between the old and new leagues was reached.

RUGBY TEAMS WILL CLASH AT DIAMOND PARK TODAY

As two weeks have elapsed since the last rugby game both the Varsity and Civics have had plenty of opportunity for practice in preparation for today's contest, which will be played at Diamond Park, commencing at 2 o'clock sharp.

A win this afternoon for the Civics gives them the championship. On Thanksgiving day they defeated the college boys ten to three and latter today in order to tie. If they succeed it will necessitate the playing of another game in order to award the city title to one or the other. Percy Hardisty and Dr. Lalley will be the officials for the struggle.

Both teams had light workouts yesterday, no heavy work being indulged in on account of possible injuries to players. Neither coaches cared to make any predictions as to the result but both were confident that their teams would put up a game struggle.

The Civics will select their team from the following: Billie, Whiteley and Bill; half backs, D. Kinnaird, Stearns, Worth, Watson; quarter back, McLaren; scrummers, McKenna, Christy, Sulgrave, Treadway, Hotchkiss; inside wings, Harnussen and Stuart; outside wings, English and Cormack. Several others will also get chances during the game.

The Varsity team will be as follows: Flying wing, Parker; half backs, Wilson, Breckitt and Perring; quarter back, Parsons; scrummers, Doze or Larson; right, Riley; center, Pell; left, ...

MCMANARA LOSES BILLARD GAME TO ARTHUR KING

W. J. McManara and Arthur King clashed in the straight rail billiard journey at the Empire last night, King winning out 16-15.

King was in fine form, taking the lead almost right off the reel and holding it to the end. The mayor, one of the best billiard players in the city, could not get the balls breaking satisfactorily. His most noticeable weakness was a tendency to miss masse shots, something unusual for him as the masse is generally his favorite stroke.

The game throughout was highly interesting both players opening in for liberal applause when they pulled off the "hard ones." McManara made the first break in the game with 14. On Monday night W. Springer and Captain Cliff will be the contestants. Last night's score: King 15; high run, 12-13; McManara, 105, high runs, 11-14.

Into Vaudeville
New York, Oct. 24.—George T. Stallings, manager of the world's champion Boston Braves, finally has succumbed to the siren call of vaudeville cast. The "Big Chief" yesterday signed a contract to appear in vaudeville and will make his debut at the Palace theater next week. He is preparing for himself a monologue dealing with the comedies, tragedies and melodramas of the diamond. The salary which caused Stalling to sign is the largest ever given a diamond celebrity for stage work.

ERA OF AFRICAN RING SUPREMACY IS NEARLY OVER

Just ten years ago San Francisco fight fans witnessed a drawn battle between two of the greatest boxers that ever wore gloves—Joe Gans and Joe Walcott, both negroes.

Within the few years preceding and following that date the black fighters were the star performers of the ring.

Walcott, welterweight champion, was fully entitled to his nickname of "Barbarous Demons" and he was also known as the "Giant Killer" because of his defeat of Joe Choynick and other heavyweights and middleweights.

Gans was the cleverest lightweight who ever held the championship of the world. The little George Dixon was without an equal among the bantams and featherweights.

Peter Jackson, Sam Langford, Sam McVey, Joe Jeanette, Dixie Kid, Jack Blackburn and many other negroes outclassed their fairer contemporaries.

Johnson, Langford and Jeanette are now nearing middle age, and as fighters and there are no negroes in sight to take their place.

Peter Jackson, a pugilistic savior, Joe Gans, fighter and gentleman, is sleeping his last sleep. Walcott has long since ceased to be of championship calibre.

The "Demon" is now 42 hours old, but, except for an injury to his hand some years ago, he might still be able to whip the best of the welterweights of today. Joe was recently barred from fighting in New York on account of his age, but he occasionally gives an exhibition of his fists in powers in other states and he is not at all laid.

Walcott has had the longest ring career of any modern boxer. He first put on the gloves in 1877, when he was only 15, and for twenty-seven years he has earned a living with his fists. Kid McCoy is Walcott's nearest rival, as the Hoosier has been a ring performer, on and off, for 20 years.

During that period, however, there have been several years at a time when he followed other pursuits. Joe Walcott is a brotherly by birth and Bostonese by adoption. He was born in British Guinea and spent his boyhood in Barbados, not far from Peter Jackson's birthplace.

AS HE WITNESSED HIS TURN WILLIE HOPPE WINS SESSION FROM INMAN

Montreal, Oct. 24.—Playing 18-2 ball on the billiard table, Willie Hoppe and not showing any of the brilliancy displayed in his previous games, Willie Hoppe, the champion, won the session from Inman, the English champion, who in the afternoon secured 161 and tonight 205. Many remarks were made up against both players during the afternoon but in the evening Inman alone failed to score in his final inning. The score now stands: Hoppe 2-0; Inman 1-0.

In the evening game Hoppe made high runs of 101, 81 and 62, and an average of 18.6. Inman's highest were 19, 19 and 25, and his average 8.6. In the afternoon Hoppe's highest were 78, 62 and 65 with an average of 14.1, while Inman ran 30, 24 and 15, averaging 8, 4.

Motormen may come and go different directions, but their tire wants are all the same. Sooner or later every motormen encounters the obstacles which lead other motormen to seek and find the one solution.

ANTI-SKIDDING

The "buttoned" tires having failed to deliver, the big corrugation tire is selected. The series of "V's" grip the road like a traction engine, each "V" clearing the road for the next "V" to work upon.

NO PUNCTURES

The "buttoned" tires having failed to prevent punctures, the big corrugation tire is selected. The inch high anti-skid tread keeps nails, etc., away from the "puncturable" tread proper of a tire.

MILEAGE PLUS SAFETY

The "buttoned" tires having failed to keep up continuously, the big corrugation tire is selected. It set the record in 1912 of making the first and only Canadian Transcontinental trip.

Think It Over--- A Smoke

There's nothing as soothing and as satisfying as a good cigar or pipe.

In these days of stress and worry a quiet smoke will ease the troubled mind. For quietude, reflection and complacency of spirit a smoke is the thing.

But be sure it's a good smoke. There'll be no doubt of it if you buy it at McNeill's cigar stands or stores.

MOTHER LAST SAW CHILD WITH DAVIS

Found in Hudson's Bay Reserve and Died Later of
Pneumonia

The preliminary hearing of William Davis, charged with abandoning an infant on the Hudson's Bay reserve, on August 3, was begun in the police court on Saturday morning before Magistrate Belcher, the mother of the child, Mary Morys, telling her story.

She stated that the prisoner, William Davis, who is her brother-in-law,

The witness stated that she was married shortly before Easter but her husband would have nothing to do with her. She left him and went to William Davis, where she lived with the child for some time. It was her intention to come to Edmonton to find work, but the child was a difficulty, she not knowing what to do with it. She decided to give it to the Children's home.

One Sunday, the exact date which she could not remember, she started off for Edmonton with Davis, bringing the child with her in a small box. They arrived in the city the next day and, after staying in the market until evening, went out into the suburbs, where they camped for the night. It was then, she claimed, that Davis picked up the box containing the baby and walked away, giving her no satisfaction when she asked him where he was going. She never saw the child again. When asked she stated that the infant had always been weakly and was a source of much trouble.

When they arrived home Davis would have nothing more to do with her turned her out. She was taken in by a neighbor, Frank Beliski, with whom she had lived ever since.

According to the evidence of Dr. Neff, the child, although alive when found, later on died from pneumonia.

Takes Turn for Worse
Winnipeg, Oct. 24.—Hon. Colin H. Campbell, who returned several weeks ago from a trip abroad for the benefit to his health, has taken a turn for the worse. So critical is his condition that his son, attending school in the east, has been wired to return home at once. The many friends of Mr. Campbell are alarmed at the serious turn in his illness.

EDMONTON IN BRIEF

A meeting of the Edmonton Poultry and Pet Stock association will be held in the office of the industrial commissioner, Civic block, on Monday evening, Jan. 12, at 8 o'clock. An address will be given by A. W. Foley, poultry superintendent, and business in connection with the coming winter show will be discussed. A full attendance of the members is requested at this and the following meeting, the dates of which will be given later.

Next Thursday at 8 o'clock an orchestra under the leadership of G. H. McBride will be organized at the Y. M. C. A. All who are interested are most cordially invited to join. On Friday evening, Jan. 15, at 8 o'clock, a concert, p.m., under the leadership of H. Stutchbury. To this club all men are most cordially invited. Both organizations are expected to have a very successful fall and winter's enjoyment and profit.

A percentage of the gross receipts from his six cigar stores is being donated by J. A. McNeill, and on Friday a check for \$27.20 was received by the patriotic fund, being the week's donation.

It may be possible that Elmer Luck, the former member of the Rathcona high school teaching staff who is stranded in Leipzig, Germany, will receive aid in the form of funds through the influence of the federal government which has been asked to take the matter up and if possible secure a translocation of funds to Mr. Luck.

A party of Russians have received transportation over the C. N. R. for their home land and will sail from New York on the steamer Czar on October

A public meeting will be held in the Clover Bar school house on Monday, at 8 p.m., to organize a local public fund society for the districts of the Clover Bar, Bremner and Armstrong. H. H. Crawford, M. L. A. will be present to assist in the organization.

Professor C. E. Bell will address the M. C. A. men's meeting at 4:45 p.m., Sunday and A. S. McGougan, the well known soloist, who has sung in the leading western choirs, will sing. The meeting is especially important as it references a Bible study rally in connection with the association. All men are very cordially and earnestly invited.

ODY OF LESTER CARTER
FOUND IN MUD HOLE

The body of little Lester Carter, who lay away from his home in North Edmonton on Thursday morning, was found in a mud hole, about half a mile from the Swift Packing plant, on Friday evening, death evidently having been caused by suffocation.

made the discovery and when found, the little tot was lying face down in the mud, apparently having expired shortly after falling into the hole. Numerous search parties scoured the vicinity for the boy on Thursday without success. The search was kept up all night by lantern light and on Friday morning the aid of bees from Norway was called in to help find the boy.

arkdale, McAuley, Highlands and North Edmonton schools was solicited, over 200 responding. It was largely through their aid that the body was found, a systematic method of hunting

The New Long Pants "Wearbetter" Suit Service is Bringing Back the Boys of a Year Ago

THIS newly added service for the older boys (young men) is quickly developing into an important Dept. The Boys of a year or so ago who've out-grown knee pants have again returned to this Store for their Clothing now that it's possible for them to get Long-pant Suits in the popular "Wearbetter" brand which they swore by until the encroaching years of young manhood forced them to leave "Wearbetter" on account of not being able to get them with the long Trousers.

Popular demand has in the meantime forced "Wearbetter" manufacturers to proceed with this Long-pant service.

At \$14.50—

A very dressy long Pant Suit in 3-piece S.B. style, with black serge. Tailored in high grade navy blue serge. Coat with hand-built shoulders, snug fitting collar and unbreakable fronts. Record Apple Crop.

Ottawa, Oct. 23.—The Dominion department of agriculture reports that the apple crop of 1914 is one of the largest that Canada has ever produced. It is also a fact that many former avenues of trade are cut off, with the result that hundreds of carloads of apples will waste in his orchards of Ontario.

"Drink a morning habit in Scotland," a headline over a London cable informs us. And the Scotch are noted for their singularities of purpose.

Poland last year had 60 factories employing 5,250 workers with a gross output valued at \$200,000.

In 1913 there were 3,988 telephones in use in Warsaw.
